

COGNITIVE BEHAVIORAL THERAPY FOR SUICIDE PREVENTION (CBT-SP)

22-23 February 2024

A Live, Interactive Webinar

Description:

Description:

This intensive two-day module provides training in the assessment and treatment of suicidal ideation and behavior. Participants will receive in-depth training in cognitive-behavioral therapy for suicide prevention and will have the opportunity to practice assessment and intervention strategies. Video demonstrations and participant role-plays will be used in class to practice key assessment and treatment techniques. The module lays the foundation for working with suicidal patients by providing a detailed review of the epidemiology of suicide both in the civilian population and within the military/Veteran community. Participants will be introduced to the Self-Directed Violence Classification System (SDVCS), a nomenclature supported by the DoD/VA for self-directed violence and suicidal behavior. In addition, a review of several theories of suicide will be covered, as well as risk and protective factors for suicidal behavior. The module is designed for behavioral health providers working with Service members and Veterans who are seeking in-depth training in empirically supported treatment options they can immediately incorporate into their clinical practice. The training will provide hands-on practice activities and is geared toward an actively involved audience through discussion and in workshop activities. Participants must attend both days, as the course material is cumulative.

(Bryan et al., 2020; Bush et al., 2014; Petrosky et al., 2018; Rojas et al., 2020; Wenzel, A. 2017)

Total CE Credits: 14.0

Total Contact Hours: 14.0

Learning Objectives:

Following the training, attendees will be able to:

1. Differentiate between rates of suicide in civilian and military populations and identify the clinical implications of these differences.
2. Categorize suicidal and non-suicidal thoughts and behaviors in relation to clinical assessment.
3. Apply at least one psychological theory of suicide to the process of clinical assessment and treatment planning.
4. Integrate suicide risk and protective factors unique to military populations into overall risk assessment for suicide.
5. Develop a safety plan in collaboration with a patient.

7. Use means safety counseling in patient interactions to improve clinical outcomes.
8. Create a timeline of a patient's suicidal crisis for use in treatment.
9. Evaluate key negative thoughts associated with the intent to die by suicide as related to clinical practice.
10. Apply CBT formulation of suicide using the expanded case conceptualization model of the suicidal crisis.
11. Use cognitive, behavioral, and affective coping strategies associated with CBT-SP to help patients cope with suicide urges.
12. Modify standard behavioral activation practices to be applied within the CBT-SP protocol.
13. Use the guided imagery exercise as part of the relapse prevention protocol for CBT-SP.

Target Audience: For behavioral health providers who treat military personnel, veterans, and their families.

Instructional Content Level: Intermediate

Agenda:

Day One

Course Introduction	10:00 AM	10:15 AM
Epidemiology of Suicide	10:15 AM	10:30 AM
Nomenclature	10:30 AM	11:10 AM
Risk and Protective Factors	11:10 AM	11:40 AM
Theoretical Underpinnings: Interpersonal Psychological Theory of Suicide Risk – Dr. Thomas Joiner	11:40 AM	11:55 AM
Theoretical Underpinnings: Three-Step Theory of Suicide – Drs. David Klonsky and Alexis May	11:55 AM	12:10 PM
Break	12:10 PM	12:25 PM
Cognitive Therapy for Suicide Prevention – Empirical support for CBT	12:25 PM	12:45 PM
Intro to Cognitive Therapy for Suicide Prevention Theory of CBT Structure of treatment Session structure	12:45 PM	1:30 PM
CBT for Suicide Prevention, Early Phase of Treatment – Overview	1:30 PM	2:00 PM
Lunch	2:00 PM	3:00 PM
Fluid Vulnerability Theory	3:00 PM	3:25 PM
CBT for Suicide Prevention, Early Phase of Treatment – Conducting a suicide risk assessment Suicide risk continuum Suicide risk assessment role play	3:25 PM	4:55 PM
Break	4:55 PM	5:10 PM
Narrative Description	5:10 PM	5:40 PM

Constructing a Timeline	5:40 PM	6:15 PM
Questions and Wrap-up	6:15 PM	6:30 PM
Adjourn	6:30 PM	

Day Two

Check-In and Review of Day 1	10:00 AM	10:10 AM
Crisis Intervention Safety planning Crisis response plan Hope Box	10:10 AM	11:10 AM
Means Safety Counseling	11:10 AM	12:10 PM
Break	12:10 PM	12:25 PM
Means Safety Counseling Role Play	12:25 PM	1:00 PM
Treatment Planning and Cognitive Case Conceptualization	1:00 PM	1:45 PM
Lunch	1:45 PM	2:45 PM
Intermediate Phase of Treatment Behavioral strategies Coping strategies Cognitive strategies	2:45 PM	4:25 PM
Break	4:25 PM	4:40 PM
Later Phase of Treatment – Review and consolidation of skills Relapse prevention	4:40 PM	6:20 PM
Questions	6:20 PM	6:30 PM
Adjourn	6:30 PM	

Continuing Education:

Course Completion Requirements: Participants are required to attend the entire training. Partial credits cannot be issued. Attendance is taken through the use of electronic logs, and a post-training evaluation form must be completed in order to receive ACE social work CE credits. For other CE credits, completion of the evaluation is strongly encouraged, but if you do not wish to complete the evaluation, please contact the training event's POC after the training event.

There is a 30-day time limit post-training to complete all CE requirements. CE Credit Certificates will be available on the participant registration portal within 30 days after all course requirements have been completed.

American Psychological Association Sponsor Approval:

The Center for Deployment Psychology is approved by the American Psychological Association to sponsor continuing education for psychologists. The Center for Deployment Psychology maintains responsibility for this program and its content.

Association of Social Work Boards Approved Continuing Education Provider Approval:

The Center for Deployment Psychology, #1761, is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE)

program. Organizations, not individual courses, are approved as ACE providers. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. The Center for Deployment Psychology maintains responsibility for this course. ACE provider approval period: May 19, 2022 – May 19, 2025. Social workers completing this course receive 14.0 Live, Interactive Webinar continuing education credits.

New York State Education Department's State Board for Psychology Provider Approval:

The Center for Deployment Psychology is recognized by the New York State Education Department's State Board for Psychology as an approved provider of continuing education for licensed psychologists (#PSY-0178).

New York State Education Department's State Board for Social Work Provider Approval:

The Center for Deployment Psychology is recognized by the New York State Education Department's State Board for Social Work as an approved provider of continuing education for licensed social workers (#SW-0744).

Inquiries regarding CE credits may be directed via email to katie.medina.ctr@usuhs.edu.

Participate:

Online Platform: Zoom

Date: 22-23 February 2024

Time: 10:00 am – 6:30 pm Eastern

Registration Information: <https://deploymentpsych.org/training>

Registration Deadline: Registration will close one week prior to the start of the training or when capacity has been reached.

Cancellations/Questions: Please contact katie.medina.ctr@usuhs.edu if you have any questions or need to cancel your registration.

Registration Cost/Refunds: This training is free for those who have a .mil email address and \$45 for all others.

Required Materials: None

Location Information: Online via Zoom

Instructional Format: This live webinar is fully interactive. Attendees may ask and answer questions throughout the presentation and participate in instructor-led discussions.

System Requirements:

Zoom:

- Internet connection
- Operating System: Windows 7 or higher, Mac OS X with MacOS 10.9 or higher
- Web Browser: Internet Explorer 11+, Edge 12+, Firefox 27+, Chrome 30+, Safari 7+
- Hardware: 1Ghz processor or higher

Special Accommodations: If you require special accommodations due to a disability, please contact Katie Medina at katie.medina.ctr@usuhs.edu 4 weeks prior to the training so that we may provide you with appropriate service.

Grievances: For any grievances or concerns with this training including those related to course content, non-receipt of certificate or other occurrences, participants may contact CDP's Continuing Education Director, Ms. Amanda Milochik, via email at Amanda.milochik.ctr@usuhs.edu.

Instructor Biographies:

Katrice Byrd, D.S.W., currently serves as a Military Social Worker with the Center for Deployment Psychology (CDP). She is co-chair of the North Carolina National Association of Social Worker's Legislative Committee and is passionate about serving the village through research, policy, and programmatic changes.

Katrice has served as a mental health therapist with extensive training in trauma-focused interventions, working with various populations including Veterans, Active Duty, Family Members, children, adolescents, and government employees throughout her career.

Dr. Byrd is a retired Veteran of the U.S. Army in addition to serving in the U.S. Marine Corps. She currently resides in Charlotte, NC.

Marjorie Weinstock, Ph.D., is a Senior Military Behavioral Health Psychologist at the Center for Deployment Psychology (CDP) at the Uniformed Services University of the Health Sciences in Bethesda, Maryland. She joined the CDP in 2009 as a Deployment Behavioral Health Psychologist at the Naval Medical Center San Diego. Prior to joining the CDP, Dr. Weinstock spent three years working for the Navy's Fleet & Family Support Program, where she provided counseling services to military members and their families.

Dr. Weinstock is a graduate of Emory University and received her doctorate in Counseling Psychology from the University at Buffalo. She completed her internship at the Brockton, Massachusetts VA Medical Center and a two-year postdoctoral fellowship in clinical research and addictive disorders at the Brown University Training Consortium.

As the spouse of a recently retired service member, Dr. Weinstock has a first-hand understanding of the demands of military service on the family. In her current role she is engaged in the development and presentation of trainings for behavioral health clinicians to improve their competency in working with both service members and their families. Her professional interests include deployment-related mental health issues, cognitive behavioral therapy, suicide prevention, and the impact of military life on the family.
