

Lethal Means Safety Counseling

December 15, 2025

A Live, Interactive Webinar

Description:

This 120-minute training provides behavioral health providers with research-based information about the principles of lethal means safety counseling. It begins by exploring the importance of discussing means as part of suicide prevention interventions. Next, population-level efforts are compared with individual-level initiatives. Key components of Lethal Means Safety Counseling using principles of Motivational Interviewing are explored in depth. Participants view a video of Means Safety Counseling and then are provided with an opportunity to engage in a role play to practice skills introduced. The presentation concludes with an overview of suggested resources for additional learning.

Total CE Credits: 2

Total Contact Hours: 2

Learning Objectives:

Following the training, attendees will be able to:

1. Evaluate lethal means safety efforts at both a population and individual level.
2. Integrate cultural awareness and sensitivity into semi-structured discussions about lethal means safety.

Target Audience: For behavioral health providers who treat military personnel, veterans, and their families.

Instructional Content Level: Introductory/Beginner

Agenda:

10:00 AM

Continuing Education:

Course Completion Requirements: Participants are required to attend the entire training. Partial credits cannot be issued. Attendance is taken through the use of electronic logs, and a post-training evaluation form must be completed in order to receive ACE social work CE credits. For other CE credits, completion of the evaluation is strongly encouraged, but if you do not wish to complete the evaluation, please contact the training event's POC after the training event.

After all course requirements have been completed, CEs will be available through the learning management system. There is a 30-day time limit post-training to complete all CE requirements.

American Psychological Association Sponsor Approval:

The Center for Deployment Psychology is approved by the American Psychological Association to sponsor continuing education for psychologists. The Center for Deployment Psychology maintains responsibility for this program and its content.

Association of Social Work Boards Approved Continuing Education Provider Approval:

The Center for Deployment Psychology, #1761, is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved as ACE providers. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. The Center for Deployment Psychology maintains responsibility for this course. ACE provider approval period: May 19, 2025-May 19, 2028. Social workers completing this course receive 2 Live, Interactive Webinar continuing education credits.

New York State Education Department's State Board for Psychology Provider Approval:

The Center for Deployment Psychology is recognized by the New York State Education Department's State Board for Psychology as an approved provider of continuing education for licensed psychologists (#PSY-0178).

New York State Education Department's State Board for Social Work Provider Approval:

The Center for Deployment Psychology is recognized by the New York State Education Department's State Board for Social Work as an approved provider of continuing education for licensed social workers (#SW-0744).

Inquiries regarding CE credits may be directed via email to Mr. Aric Bowie at aric.bowie.ctr@usuhs.edu.

Instructor Biographies:

Adria J. Williams, Ph.D., is a Military Behavioral Health Psychologist at the Center for Deployment Psychology (CDP) with the Uniformed Services University of the Health Sciences. Dr. Williams is a suicide prevention subject matter expert and trainer.

Dr. Williams earned her doctoral degree in Clinical Psychology from University of Maryland College Park, and completed her pre-doctoral internship at the Baltimore VA Medical Center, where she focused on delivering evidence-based treatments to Veterans with PTSD, depression, and substance use disorders. She has also served at Walter Reed National Military Medical Center, where she spent six years in the Outpatient Behavioral Health Clinic providing comprehensive psychological assessments, individual and group therapy, and psychoeducational services to active duty service members and their families as well as retirees.

In addition to her clinical work, Dr. Williams has contributed to the education and training of future

mental health professionals by developing a didactic course syllabus and teaching Psychiatry Residents at Walter Reed. Her approach emphasizes evidence-based treatments such as Cognitive Behavioral Therapy, Cognitive Processing Therapy and Dialectical Behavioral Therapy.
