

CDP Presents: Military-Connected Children and I Serve 2

I Serve 2: A Pocketcard for Healthcare Providers Caring for Military Children was developed by APRNs and researchers who care for military children. This presentation will provide guidance for utilization in clinical practice to better identify physical, psychological, and behavioral health risk factors and co-morbidities in military connected children. In addition, the I Serve 2: A Pocketcard for Healthcare Providers Caring for Military Children provides providers with community resources aimed at supporting military connected children and families. The pocketcard will serve as a valuable resource for all providers who care for military connected children and families.

Target Audience: For behavioral health/healthcare providers who treat military personnel, veterans, and their families.

Instructional Level: Introductory

Learning Objectives:

Attendees will be able to:

1. Differentiate physical, psychological, and behavior health risks and co-morbidities of military-connected children.
2. Utilize the I Serve 2: A Pocketcard for Healthcare Providers Caring for Military Children in clinical practice to identify and screen military connected children.
3. Appraise community resources available to civilian healthcare providers caring for military connected children.

Webinar room prep and Lobby time	11:30am - 12:00 PM
Welcome to CDPP and Speaker Intro	12:00pm - 12:05 PM
Speaker Presents	12:05pm - 1:25 PM
Question and Answer and Admin	1:25pm - 1:30PM

Location Information

Address:

Cost/Refunds: Zero cost, no refund policy

Special Accommodations:

If you require special accommodations due to a disability, please contact Micah Norgard at mnorgard@deploymentpsych.org 2 weeks prior to the training so that we may provide you with appropriate service.

Presenter

Dr Catherine Ling, PhD FNP-BC CNE FAANP FAAN

Dr Catherine Ling is a nurse scientist, family nurse practitioner, and certified nurse educator focusing on improving access to quality, primary care with an emphasis on military families. She maintains her 27-year FNP career as a Community Advocate focusing on Wellness programs at the Lillian Wald Nursing Center in Baltimore. She is a Fellow within the American Association of Nurse Practitioners and in the American Academy of Nursing. She is currently the FNP track coordinator at the Johns Hopkins University School of Nursing.

Dr. Alicia Gill Rossiter, FNP, PPCNP-BC, FAANP, FAAN

Dr. Alicia Gill Rossiter is an Associate Professor and Program Director of the Veteran to Bachelor of Science in Nursing Program at the University of South Florida College of Nursing. She also serves as the College of Nursing Military Liaison. Dr. Rossiter retired after 25 years of service in the United States Army Nurse Corps on active duty and later in the United States Air Force Reserve. Her military experience has been the impetus behind her research and scholarly work which includes women veterans and military sexual trauma, the effects of parental military service on military connected children, and transitioning needs of medics and corpsmen into the professional role of nursing. She is a Fellow in the American Association of Nurse Practitioners and in the American Academy of Nursing and is currently serving as the Co-Chair of the Military/Veteran Health Expert Panel.

Continuing Education

The Center for Deployment Psychology is approved by the American Psychological Association to sponsor continuing education for psychologists. The Center for Deployment Psychology maintains responsibility for this program and its content.

The Center for Deployment Psychology offers attendees 1.5 credit hours for participation in this training. Participants attending events in person are required to sign-in at the start of the training and sign-out at the conclusion of the training in order to attain CE credit. Participant attendance data will be collected electronically during webinars. Partial credits cannot be issued. Inquiries regarding CE credits may be directed via email to mnorgard@deploymentpsych.org.

The CEs provided by the American Psychological Association are acceptable for most licensed professionals when renewing their license and it is our experience that APA CE credits have been recognized by most professional state license boards. However, please check with your board regarding the acceptability of APA CE credits for this activity.
